

ANNOUNCING TWO TOURS

VOLHYNIAN VILLAGE ADVENTURE TOURS

May 20-30 and September 7-17, 2019

Take Your Pick

This is to inform you that I am offering two “roots” tours to Volhynia this year. This is the same well-known tour founded by Don Miller, who has turned the business over to me. I have assisted Don on his tours for over 12 years and have done a number of tours on my own. I feel well-qualified to give you the same “hassle-free” tours that Don gave to over 200 Russian Germans seeking their ancestral roots in this “once-in-a-lifetime” experience. I have done extensive archival research, know the German and Russian history of Volhynia, and have been up and down most of the villages where your ancestors once lived. A Polish extension is available for those interested. Please know that it is absolutely safe to travel in Ukraine as the fighting is some 600 miles from where we are. The tours usually fill up within three to three months of the announced date of departure. A brochure is available upon request.
