

A wonderful historical travel guide for Albertans of German heritage!

The beautifully and lavishly illustrated volumes make history come alive. The German heritage is highlighted within the broader context of the various localities, providing insight into life during Alberta pioneer years through a treasure trove of fascinating and well-researched information. Each volume is separated into 3 sections: Setting the Scene; Touring: Trailways, Waterways & Railways; German Place Names, Family Names, and Settlement Areas. Each book is printed on high-quality, glossy paper, making the hundreds of photographs come to vibrant life.

Check out the index on the HSGPV website for the various localities explored.

Heritage Sightseeing Guides
for
Albertan Germans

Think back to the days of the early German pioneers in Alberta. Remember: the places named after them; the settlements they built; and the family names they left behind.

Enjoy touring Alberta by touching base with early locales of significance to you and your family. Look for the footprint your German ancestors may have left behind.

The first Germans settled in Alberta ~ 1882 – in the Pincher Creek area.
