

SOME PINNO ROOTS AND BRANCHES

Compiled and Edited by Erhard Pinno, 2018

Excerpts from the Introduction:

A detailed Table of contents is included to quickly direct the reader to the desired family or event.

PART I – The Roots and Branches – is the core of the Book. It consists of the stories, Pictures, and genealogical data that family members provided or that I have in my collection.

LOOKING UP AND WALKING ON, Memoirs of Albertine and Oskar Pinno (my parents) 1992, and IN SEARCH OF A HEIMATLAND by Alma Kisser (my aunt) 2008, were additional good sources of information. Some of the stories are excerpted from these books. Most family sections include a Descendant Chart or a Family Group Record for quick family genealogical orientation. As the book circulates among us, let's strive to fill in some of the missing families and genealogical data.

PART II – Family Celebrations in Canada – includes only a few of the many celebrations. It would require another book to include them all.

PART III – Descendants of August and Karolina (Förster) Pinno – are listed in two formats (edited for brevity) as provided in the Legacy Family Program:

1. The Descendants Book is the longer version which lists all the names by generation, describes each person in a narrative format, and gives each person a number.
2. The Descendant Chart is a shorter version which begins with one individual and each successive generation is indented to the right.

Compiling this book has been a privilege for me because it provided me the opportunity to become more acquainted with close and distant family members. Your beautiful inspiring stories and pictures are now recorded in **SOME PINNO ROOTS AND BRANCHES** for all of us now and for generations to come.

Pages: 417, in colour and high quality paper.
